# RASPBERRIES

**Cumberland.** A fine, black Raspberry. Hardy, productive, dependable and disease-resistant.

**Indian Summer.** A splendid, new, everbearing red Raspberry; delicious flavor. A grand kind for home gardens. Heavy crops in June and again in the Fall. Selected, 1 year plants.

**Latham.** Bright red, large and firm. Delicious flavor. Plants are strong and yield tremendous crops. This is the leading Red Raspberry. Selected, 1 year plants.

**Sodus.** New. Rich, wine-purple berries of excellent quality and flavor. Large and firm. Bears very heavy crops.

**10 for \$2.00, 25 for \$4.00, 100 for \$12.00**

## PLANTING NOTE FOR RASPBERRIES

Be sure to cut the canes back within a few inches of the ground immediately after planting.

## THORNLESS BOYSENBERRIES

**Boysenberry.** A new berry of huge size and fine flavor. Juicy. Vigorous grower. Smooth-stemmed type.

**2 Year Transplanted Plants  
3 for \$1.35, 10 for \$3.50**

## ASPARAGUS

**Mary Washington.** Rust-resistant. Recognized as a leading variety. Asparagus will grow in any garden soil but to produce the largest, most tender stalks the soil must be rich and well fertilized. Strong, 2-year roots, 25 for \$1.50, 50 for \$2.50, 100 for \$4.00.

## RED RHUBARB

**MacDonald.** Considered the finest of the new red Rhubarbs. Excellent quality and flavor, less tart than older kinds. Hardy, of Canadian origin, and quick to grow. 60c. each, 3 for \$1.50

**Myatt's Victoria.** The stalks are unusually tender and bright pink in the early Spring. The flavor is pleasantly tart. You will hardly recognize the old-fashioned "Pie Plant" in this delightfully improved form. 35c. each, 10 for \$3.00.

## BLACKBERRIES

### *Eldorado*

Vigorous, hardy and prolific. Berries are large, jet black, and borne in large clusters, which ripen well together. Flavor is good. No hard core.  
**10 for \$2.00, 25 for \$4.00, 100 for \$10.00**

## PLEASE READ BEFORE ORDERING

**Non-Warranty**—(1) If any nursery stock shall prove untrue to the label under which it is sold, provided notice and proper proof thereof are furnished by the purchaser to the seller, the seller shall, at the option of the purchaser either refill that portion of the order which was mislabeled, by any other delivery of stock, or refund the purchase price; but in any case, we are not to be held responsible for a sum greater than the original selling price of such stock. (2) All sales or agreements of sale are made subject to shortage of nursery stock, fire, frost, floods, drought, or other causes beyond the control of the seller.

# BLUEBERRIES

These improved, cultivated Blueberries have produced wonderfully large, plump, tender fruits of delicious flavor. It is essential that they be planted in groups of more than one variety in order to insure cross pollination.

Besides producing this superb fruit, these plants are ornamental at all times of the year. They are suitable to include in a shrub border, growing about 6 feet or more high and their Fall coloration is brilliant.

Blueberries require an acid soil containing an abundance of vegetative matter, like peat, moderate soil moisture and good drainage. Plant about 4 feet apart. Blueberries require pruning to maintain large-sized fruits.

**We offer the following varieties of fruiting age: Strong, transplanted, 3 yr. plants, 18-24 in. high at \$1.75 each, 3 for \$4.80, 6 for \$9.60, 12 for \$18.00**

**RANCOCAS.** Large, light blue, firm and attractive. Early to midseason.

**CONCORD.** Large berries borne in Grapelike clusters; fine in flavor and appearance. Midseason.

**JERSEY.** Large berries which keep well. Late. Plants vigorous.

**JUNE.** Early. Fine producer. Good quality. Bush of medium height.

**STANLEY.** Excellent quality. Light blue. Productive. Midseason.
